Amazon boss Bezos blasts off into space

BILLIONAIRE Jeff Bezos has reached the edge of space after he took off on Blue Origin's first human flight.

The Amazon founder blasted off in the sub-orbital New Shepard rocket (above), from Texas yesterday, on the 52nd anniversary of the Apollo 11 Moon landing.

Bezos entered space with his brother Mark, female astronaut Wally Funk, 82, who trained in 1961 but never went to space, as well as the firm's first customer, Oliver Daemen, 18.

Ms Funk and Mr Daemen are the oldest and youngest people to fly into space.

The flight lasted 11 minutes from launch to capsule landing and the crew experienced four minutes of zero-gravity as they went above the Karman Line, which is considered to be the boundary of space.

Channel migrants flocking to UK

PEOPLE continued to risk making the perilous journey across the English Channel to the UK on Tuesday, with numbers for 2021 now approaching the entire figure for 2020.

More than 8,000 migrants are believed to have succeeded in making the dangerous trip so far this year.

Many of them set off from France packed on board unseaworthy dinghies, often after paying people-smugglers.

On Monday, at least 430 people, including women and children, made the journey, a new record for a single day.

SOME LIKE IT HOT!

Britain to bake until weekend, say metmen

PARTS of the UK reached a sweltering 33C (91.4F) yesterday... hotter than some of Europe's top holiday destinations, including Tenerife.

But, as usual, metmen poured cold water on the heatwave joy by reminding us all that we're going to DIE!

The Met Office issued a new-style extreme heat weather warning and told people to watch out for sunburn and heat exhaustion.

The amber warning covers large parts of Wales, all of south-west England and parts of southern and central England.

It will stay in place until Thursday, when temperatures are expected to peak.

Public Health England has also issued a heat-health alert, which will remain in place until Friday.

PHE advised people to drink plenty of fluids and avoid excess alcohol and physical exertion during the hottest parts of the day.

But most who could just ignored the dire warnings and had fun at the seaside or in parks.

APP-SOLUTE CHAOS!

APP FLAP: Paul Scully

THERE was yet more confusion at the heart of government yesterday when a minister said people should not automatically self-isolate if they are "pinged" by the NHS Covid-19 app... only for Downing Street to backtrack hours later.

Business minister Paul Scully said self-isolating after being told to by the app was a decision for individuals and employers.

And he suggested that if you

By COLIN HURST

get "pinged" you can just ignore it, if you feel happy about that.

But a panicked Number 10 later said: "Isolation remains the most important action people can take to stop the spread of the virus."

"Given the risk of having and spreading the virus when people have been in contact with someone with COVID, it is crucial people isolate when they are told to do so, either by NHS Test and Trace or by the NHS COVID app."

"Businesses should be

supporting employees to isolate, they should not be encouraging them to break isolation."

Although it has never been a legal requirement to obey the app's instructions, the official NHS guidance has been that people should "self-isolate immediately" when told to.

Payments

Mr Scully told Times Radio: "It's important to understand the rules."

"You have to legally isolate if you are on the... contacted by Test and Trace, or if you're trying to claim isolation payments."

Sharp rise in virus deaths

THE number of deaths involving coronavirus registered each week in England and Wales has climbed to its highest level since the end of April.

A total of 183 deaths registered in the week ending July 9 mentioned COVID-19 on the death certificate, according to the Office for National Statistics (ONS).

This is up 68% on the previous week and is the highest number since 205 deaths were registered in the week to April 30.

Deaths had dipped as low as 84 in the week to June 11.

The figures reflect the impact of the third wave of COVID-19, which has led to a sharp increase in the number of new cases.

Call to halt for-hire e-scooter schemes

CAMPAIGNERS are calling on the government to stop rentable e-scooter trials until safety reviews have been completed, claiming the vehicles have made towns and cities "no go zones" for blind people.

The UK's National Federation of the Blind handed in a petition to 10 Downing Street on Tuesday asking for a halt to all for-hire schemes and for private e-scooters to remain illegal for use on Britain's roads.

Sarah Gayton, the group's Street Access Campaigns Coordinator, said: "People are being hit, they're being hurt, people have got some really serious injuries."

EVERTON STAR ARRESTED IN CHILD SEX PROBE

A MARRIED Everton footballer has been arrested on suspicion of child sex offences.

The experienced international, who can't be identified for legal reasons, has been suspended by his club while police investigate the allegations.

He was arrested last Friday by Greater Manchester Police and questioned before being released on bail.

Detectives raided his near £2million home earlier this

month in search of evidence.

A source said: "Several items were seized by cops. He was questioned in relation to very serious offences."

The source added that the news had "stunned the Everton dressing room" and that the player had since "gone to ground" after being suspended.

In a statement, Greater Manchester Police said: "Officers arrested a man on Friday 16 July 2021 on suspicion of child sex offences. He is on police bail pending further enquiries."

A spokesman for Premier League club Everton said: "We can confirm we have suspended a first-team player pending a police investigation."

COVID CRISIS IS MAKING US SEXIER!

Nookie after just three dates, reveals survey

COUPLES first have sex after an average of three dates, according to a new survey.

Eight out of ten daters (81%) say they are likely to go to bed with someone they like more quickly as a result of the COVID crisis.

The fastest 'conversion rate' is when a couple meet through a dating site or app – just two dates on average before sex.

The second fastest way of having sex is when meeting a potential partner on holiday, with sex happening after an average 2.4 dates.

The third fastest way of 'sealing the deal' is by hooking up with someone in a pub or bar, with a score of 2.5 dates.

Attracted

Just three years ago, couples were waiting an average of four dates to have sex.

That has come down by 25% since 2018 to three dates as more people speed track sex by dating online.

The results were revealed in a new survey of 2,000 people by IllicitEncounters.com, the UK's leading affairs site.

The fourth quickest conversion rate was connecting with someone on social media (2.7 dates) and fifth was being set up by friends (3 dates).

The worst conversion rate of all is meeting a partner at work, which

By GRACE HOOPER
news@sundaysport.co.uk

takes 10 dates on average before sex occurs.

The survey found 57% of men and 51% of women would sleep with a new partner on a first date if they were strongly attracted to them.

IllicitEncounters.com sex and relationship expert Jessica Leoni said: "Life's too short to hang around when you meet someone you like."

"That is why many couples abandon the three-date rule when the attraction is strong and jump into bed exactly when they feel like it, often on the first date."

"The COVID crisis has focused everyone's minds and we are all living for the moment and enjoying life while we can."

"I expect these conversion rates to come down even further as we move to full freedom."

FISH BANNED FOR BEING **RACIST!**

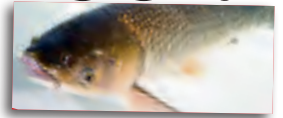

WOKE wildlife agencies are rebranding FISH because the name they are given has been labelled "racist".

"Asian carp" is an umbrella term used to describe non-native species such as grass carp and common carp, which are causing havoc in lakes and rivers in the US by out-competing home-grown fish.

Now the US Fish and Wildlife Service has rebranded the fish "invasive carp".

News of the change drew some snarky responses on social media.

"Black coffee is next," one Twitter user said. "Chinese food,

Mexican food, white lies, brown sugar, calling ships her."

Another user said. "2021: Asian carp will turn the kids into racists."

"The Name 'Asian Carp' Said to Cast Asian Culture and People in a Negative Light," said another, quoting a news article, before adding, "(Among Those Who Can't Distinguish Between People and Fish)."

Graves (above) replied to the post, saying "where's the reward money at?" a screenshot of her post shows.

Detectives arrested her a day later in north Tulsa.

Authorities were asking for tips about Graves' whereabouts in relation to the March murder of 30-year-old Eric Graves.

Two other suspects, Jayden Hopson and Gabriel Hobson, have been slapped with murder charges for the shooting, according to police.

THE number of shoppers buying groceries online fell for the first time ever as the peak of home deliveries during the height of the pandemic eased, new data shows.

Euro 2020 saw home sales of alcohol fall as many watched it in pubs.

Cheeky monkey hits the booze in liquor store

A CHEEKY monkey proved that primates possess more human characteristics than some may realise after it entered an off licence and downed a bottle of booze.

A video clip shows the mischievous macaque sitting on the counter of the store in the state of Madhya Pradesh, central India, with a bottle of unidentified booze in hand.

The fun-sized wino adeptly unscrews the top using its teeth and hands, as the shop owner attempts to lure the freeloader away with a biscuit.

Ignoring the treat, the thirsty simian downs the container of hooch with its foot clutching the bottle, while onlookers guffaw in the background.

The clip concludes with the drunken monkey licking traces of giggle juice from its paws.

Macaques are a scourge across the subcontinent, where they have been responsible for robbing ATMs and taking over office buildings.

CHORE blimey! Would you believe it?

Men are more likely than women to be satisfied with the division of household tasks, research shows.

People also believe they have greater responsibility than their partners see them as having.

A poll by the Central Statistics Office shows that in opposite-sex relationships, 47 per cent of men had a high satisfaction level with the division of chores, compared with 31 per cent of women.

The survey revealed that when both partners work full-time, women were more likely than men to take care of cleaning, shopping and meal preparation.

But some 63 per cent of men said they were responsible for home and garden care.

By COLIN HURST news@sundaysport.co.uk

DEFENCE Secretary Ben Wallace has fired a broadside at Beijing by indicating a Royal Navy fleet will sail through disputed waters claimed by China next month.

Mr Wallace said that regardless of China's claim to most of the South China Sea, the fleet – led by the new aircraft carrier the Queen Elizabeth – will sail on any route defined as legitimate under international law.

Despite growing Chinese military assertiveness in the region, Mr Wallace said Britain had a "duty" to insist on freedom of navigation in international waters.

"It's no secret that China shadows and challenges ships transiting international waters on very legitimate routes," Mr Wallace said during a visit to Japan.

"We will respect China and we hope that China respects us."

"We will sail where international law allows."

Warnings

After passing through the South China Sea in August, the British fleet will carry out exercises in the Philippines Sea with Australia, France, Japan, New Zealand, South Korea and the US.

Mr Wallace declined to say whether the fleet would breach the 12-mile zone around military bases China has built on disputed rocks in the South China Sea.

US warships and aircraft have passed close to the bases in the past, provoking warnings from Chinese vessels and angry responses from Beijing.

PLEDGE: Ben Wallace

Mr Wallace also said the West must work to avoid a Cold War in the region at a time when the world was in an "anxious" state.

But he felt war with China was still only a remote possibility.

"The world is a more anxious place and, as a result, more on edge," he said.

"There is a danger that anxiousness tips into more aggressive measures, but I think we are still some way off military conflict in Asia."

WE DIDN'T ATTACK MICROSOFT!

We're not hackers... say Beijing hackers

CHINA has slammed "groundless" claims that it carried out a major cyber-attack against tech giant Microsoft.

A group of Western countries had accused China of hacking Microsoft Exchange, a popular email platform used by companies worldwide.

The joint statement accused the Chinese Ministry of State Security (MSS) of undermining global stability and security.

China has always maintained that it opposes all forms of cyber-crime.

On Monday, New Zealand joined the group of countries – including the UK, US and Australia – in blaming Chinese state-sponsored actors for "malicious cyber activity" in the country, including the

Microsoft attack.

The Chinese Embassy in Wellington called the accusations "groundless and irresponsible".

"The Chinese government is a staunch defender of cyber security," said a statement published by the embassy.

"Making accusations without [proof] is malicious."

The Chinese embassy in Australia echoed those remarks, describing Washington as "the world champion of malicious cyber attacks".

The Microsoft hack affected at least 30,000 organisations globally.

Microsoft blamed a Chinese cyber-espionage group for exploiting a vulnerability in Microsoft Exchange, which allowed hackers to remotely access email inboxes.

Oh I say, may I watch Peppa Pig please, old bean!

YANK kids are binge-watching so much on *Peppa Pig* they are developing English accents and even using words like "telly" and "ready, steady, go".

The so-called Peppa Effect had already led kids in the US to mimic the star swine from the UK-produced show.

And all that extra telly time during COVID-19 restrictions appears to be making the phenomenon more widespread.

Parents say more kids are opting for "Father Christmas" instead of "Santa Claus" and throwing out expressions like "give it a go".

"On a VACATION, my 5-year-old dared tell me that she was loving her HOLIDAY," California resident Matias Cavallin said on Twitter. "I told her we speak American in this house."

It's hoped that in a few years, Americans will be able to speak properly thanks to Peppa.

'Voices in head' told man to find someone for sex

A NAKED man was nicked after he broke into a house though a doggy door when "voices" told him to find someone to have sex with.

A probable cause statement states Craig Balubar, 37, broke into the home and when a police officer arrived, Balubar was "sitting on the floor of the bathroom naked and was wearing only socks and shoes".

The statement says Balubar admitted to using "70 units of Methamphetamine" that day and he was "hearing sexual voices in his head and was following the voices".

The voice told Balubar he was looking for someone to have intercourse with and he could find her inside the home.

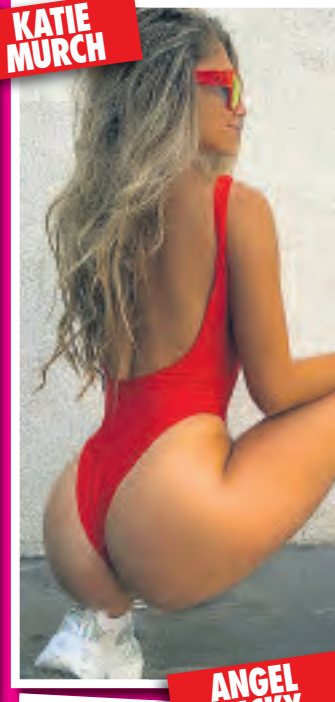

He took off his clothes, the statement adds.

Balubar is charged with lewdness, burglary and intoxication.

No-nookie claim is debunked...

YOU CAN HAVE SEX ON OLYMPIC ATHLETE BEDS

IT'S FAKE NEWS: Irish gymnast Rhys

CLAIMS that athletes' beds collapse if people have sex in them have been rubbished by an Irish gymnast in a video.

But Rhys McClenaghan has NOT been making blue movies in Tokyo. He merely jumped up and down on one of the cardboard cots.

"In today's episode of fake news at the Olympic Games, the beds are meant to be anti-sex. They're made out of cardboard yes, but apparently they're meant to break under any sudden movements," he said, jumping on the bed.

"It's fake. Fake news." Bed makers Airweave insisted the beds have been through rigorous stress tests and should easily support nookie, though NOT kinky threesomes.

"We have conducted experiments, like dropping weights on top of the beds," a spokesperson said.

"As long as they stick to just two people in the bed, they should be strong enough

By **SUZIE SHELDON**
news@sundaysport.co.uk

to support the load."

The rebuttals come after rumours circulated online that the beds were designed to collapse if more than one person lay on them.

The no-sex beds were apparently a measure to prevent athletes doing the business and spreading COVID at the Games.

A raft of guidelines to

help prevent the spread of the Chinese death plague include limiting physical contact such as kissing and hugging, singing and dancing.

Sexual relations was also on the red list.

Olympic athletes have never shied away from hanky panky, but officials have warned it could spell particular trouble this year amid the pandemic.

They are distributing 160,000 condoms to the athletes.

Is Shakira coming out as lesbian?

LESBIANS are frothing at their lesbian gashes over claims that Latin singer Shakira has come out as a LESBIAN!

The beauty (above) changed her Twitter photo and header to a faded mix of pink, orange and white.

For those who have not been keeping up, those are the colours of the lesbian pride flag.

Now the social media masses are convinced she's coming out.

The 43-year-old has been out of the spotlight until she announced new single *Don't Wait Up*, which was released last week.

The photo and colour choices appeared to promote the single's cover art, which features similar colours.

"I know a lesbian flag when I see one babe," wrote one tweeter.

"More like Shakira is coming out," suggested another, adding, "am I right or am I right."

Shakira, who has two children with longtime partner and Barcelona footballer Gerard Pique, 34, has yet to address the rumours.

Students found explicit snaps on teacher's laptop

KINKY nude snaps of a young teacher got into the hands of students after she left her laptop unguarded in the classroom.

Heidi Prytherch, 26, was probed after one youth at Jill Chaifetz Transfer High School in New York's Bronx area boasted of having sex with the teacher at least three times in her apartment, on weekends and once after a school trip, says a report by the Special Commissioner of Investigation for city schools.

Investigators could not confirm the sexual relationship, the SCI said.

Prytherch denied sexual contact with the teen but admitted she had flirted with him.

"This teacher was terminated following these substantiated allegations," said DOE spokeswoman Katie O'Hanlon.

SEX MISS LICKED TEEN'S SHAFT CLEAN

KINKY ACTS:
Derolf 'deep
throated' lad

By **SUZIE SHELDON**
news@sundaysport.co.uk

A TEACHER'S aide was nicked for shagging a male teen student after the lad's GRAN doxed her in.

Jennilynne Derolf, 38, is in custody charged with several counts including involuntary deviate sexual intercourse and statutory sexual assault.

Derolf was an aide in the victim's class at Valley Day School in Falls Township, Pennsylvania.

The Bucks County District Attorney's Office said it began an investigation after the victim's grandmother contacted cops to tell them she was worried her grandson was having sex with his teacher.

Erect

The teen reportedly told detectives the relationship with Derolf began with discreet messages using a mobile phone app.

Soon after, they would meet in person and those liaisons turned "romantic", the lad told investigators.

He claimed their relationship eventually became far more intimate and their interactions evolved into sexual contact on three different occasions.

The lad said the randy miss had "deep throated" his erect penis before lowering herself onto him.

He also said that after he had ejaculated into Derolf's vagina and

withdrew, the teaching assistant "licked his cock clean".

In a statement, District Attorney Matt Weintraub said: "She not only violated the trust required in any student-teacher relationship but also that trust that children should be able to have in all adults of authority. She will be held accountable for her criminal acts."

The Valley Day School serves students across the Delaware Valley who require special attention and are classified as emotionally disturbed and/or are neurologically impaired.

Executive Director Robert Phillips confirmed Derolf has been fired and added: "When we were notified of the charges, we immediately removed the staff person from the building."

"Clinical staff will be in to speak with students and staff who need to talk through this process."

Derolf, from Falls Township, was sent to Bucks County Correctional Facility to await trial.

Candles thief used bear mace to escape

A THIEF nicked a haul of posh candles from a shop and escaped by spraying everyone in his way with bear mace.

The suspect robbed the Miami Bath and Body Works in Miami International Mall, Florida, and injured at least 30 people, including 15 employees of the store.

One person who took a direct hit of the bear repellent spray to the face was hospitalised.

Given the serious nature of the attack and the injuries suffered, the crime could be considered aggravated battery and the suspect, if caught, is potentially looking at 30 to 35 charges.

The suspect was last seen fleeing the mall in a taxi.

DEADLY DRONES WILL CRUSH BRANDO RATS

SPACE age drones are being used to wipe out rats from an island made famous by Marlon Brando.

The actor (*below*), who died in 2004, fell in love with Tetiaroa atoll in French Polynesia while filming 1962 movie *Mutiny on the Bounty* and built a village on the remote 3.7-square-mile island.

It's suspected that Brando's activities may have brought rats to Tetiaroa and Sally Esposito, a spokesperson for Brando Family Trust, said there are 65,000 rats on the atoll.

Territorial rodents have thinned bird and turtle populations by gorging on eggs, hatchlings and reptiles. That has contributed to nearby coral reefs losing out on necessary nutrients.

Now, members of a group called Island Conservation think they have a solution to the ratty incursion – drones.

Uniquely engineered drones will fly over Tetiaroa and carpet the place, sea to sea, with poison pellets.

I LOVE DOING SEX SCENES

Shailene reveals
she never wears a
bra during nookie**

STUNNING Shailene Woodley loves doing sex scenes... because she tells directors exactly what she wants.

The star of *Big Little Lies* said: "I've never felt uncomfortable doing intimate scenes because I'm very vocal."

"I always sit down and talk with the director, the other actor. We always have conversations of, 'How are you planning on shooting it? Is nudity

By GRACE HOOPER news@sundaysport.co.uk

necessary? Is it going to distract from the scene, add to the scene?"

She continued: "We know exactly what the boundaries are. And I've never been in a situation where those things haven't been honoured."

Shailene, 29, also said she finds sex scenes in which "a woman has her bra on" unrealistic and insisted she prefers "realism over modesty".

She said: "Oftentimes in movies, you see two people having sex and the woman has her bra on. In real life, I don't think I ever did that, sex with a bra - or very, very rarely."

Shailene next appears in the Netflix romance film *The Last Letter From Your Lover*, which is based on the historical fiction novel by best-selling author Jojo Moyes.

The Yank star is certainly no stranger to intimate scenes, or taking her bra off.

She's whipped her boobs out in movies including *White Bird in a Blizzard*, *The Spectacular Now*, *Adrift*, *Snowden* and *Endings, Beginnings*.

Dirty inmate leaves screw in deep shit

A PRISON warden was smothered in shit after he was attacked by an inmate called BROWN.

Nauvella Lacroix was working the night shift when Arthur Brown started hurling the brown muck at him from inside his cell, hitting the turnkey in the face and torso area.

Lacroix was doing a tour of the cells at New York's tough Rikers Island lockup when the attack occurred.

An image of Lacroix (above) following the defilement shows his crisp white uniform shirt almost completely covered in faeces.

The extent of his injuries aren't known, but he turned the shirt over for testing.

"The job is really going to shit," a prison source fumed about the incident.

Brown, who is in his late 30s, has been locked up since May 2019 on assault and bail jumping charges.

He has made two escape bids.

The couple who gave away the atomic bomb

SECRET WORLD OF SPIES EXPOSED

SMACK bang in the middle of World War Two, the UK joined a US-led initiative to develop what was then known as the atomic bomb.

Starting in 1942, a crack team was assembled for the Manhattan Project, a secret plan that would ultimately change the face of warfare forever.

While once we fought in armed combat on battlefields, now the idea was to simply obliterate the enemy by literally wiping them from the face of the earth.

It was a destructively powerful but contentious new military manoeuvre that the citizens of Hiroshima and Nagasaki in Japan would later discover to their cost.

But there was a distinct problem within the nukes project, which was obviously meant to be shrouded in utmost secrecy.

For the Manhattan Project was riddled with spies all too happy to feed their knowledge to the then Soviet Union.

Whilst we weren't at war with the Russians back then, espionage would ultimately lead to arguably the greatest man-made danger the world at large has ever faced.

Once the Soviet Union had its hands on the bomb's secrets, they were quick to develop, test and then mass produce their own weapons of mass destruction.

The resulting Cold War, the decades-long nuclear stand-off between East and West, was about to begin.

ESPIONAGE was a major concern for the United States government during the Manhattan Project.

Some of the individuals who worked on it were spooks and provided valuable information on the design of the atomic bomb to the USSR.

It would lead to the Soviets secretly conducting their own first atomic weapons test on August 29, 1949.

To this day, historians and scientists debate about how much spying led to the speeding up of progress of their nuclear weapons program.

By **KOURTNEY KENNEDY**
news@sundaysport.co.uk

Julius Rosenberg, a U.S. citizen and electrical engineer, was a key Soviet spy who passed along information to the Soviet Union and recruited Manhattan Project spies.

Classified

In 1951, Julius and his wife Ethel were tried and convicted of espionage for providing the Soviet Union with classified information.

They were executed in 1953, but their trial remains highly

controversial today. In the early 1930s, Ethel became a member of the Young Communist League.

Through her activism with the Communist Party, she met Julius Rosenberg in 1936.

They married in 1939 and 12 months later, Julius joined the U.S. Army Signal Corps as a civilian engineer.

He left the Communist Party to avoid suspicion but by 1942, he was heavily involved with espionage activities for the Soviet Union.

He provided them classified documents and led an espionage network within the Manhattan Project, recruiting spies, most notably Russell McNutt and Ethel's brother, David Greenglass and his wife, Ruth.

By 1945, the Soviets considered Rosenberg and his espionage network to be providing "valuable" information.

It included engineers Julius himself, Nathan Sussman, Joel Barr, Alfred Sarant and Morton Sobell, military aviation scientist William Perl, civil design engineer McNutt, and a machinist in Greenglass, among others.

Greenglass served in the Army's Special Engineer Detachment (SED), and was a machinist at the secret government research facility in Los Alamos, New Mexico, where the bomb was developed.

McNutt was an engineer who worked at the Kellogg design bureau in New York City. By 1944, Julius had recruited him to spy for the Soviets.

Perl, meanwhile, contributed to the

development of the first jet fighter in the U.S.

All the engineers worked at top electronic firms, and they passed on confidential and useful information to the Soviet Union.

Greenglass passed information to Julius, including detail about the high explosive lenses being developed at Los Alamos for the implosion bomb.

Harry Gold, a lab chemist and Soviet spy, passed the information to the USSR having paid Greenglass \$500 in exchange for that info.

He also worked with Klaus Fuchs, a noted physicist at Los Alamos and Soviet spy, to pass on atomic research secrets.

In 1949, the U.S. Army Signal Intelligence Service discovered that Fuchs was a spook after uncovering decrypted cable messages.

Snared

In February 1950, Fuchs was arrested in the United Kingdom. His arrest began a chain of investigations, which ultimately led to Julius and Ethel being snared.

Fuchs was charged with violating the Official Secrets Act, and he confessed to spying for the Soviet Union.

That same year, the FBI arrested both Greenglass and Gold based on information provided by Fuchs.

When questioned, Greenglass admitted to spying. He also named Julius and Ethel Rosenberg as contacts

Rosenberg

TRAITORS FRIED: Julius and Ethel Rosenberg died in the electric chair in Sing Sing prison

but denied that his wife, Ruth, was involved with any espionage activities.

On July 17, 1950, the FBI arrested Julius, and one month later Ethel was hauled in.

Their trial began on March 6, 1951, in New York's Southern District federal court. The trial lasted for nearly a month.

They were charged with conspiracy and providing atomic secrets to the USSR, though they could not be charged for treason since the U.S. was not at war with the Soviets.

Judge Irving Kaufman presided over the trial

and opened it by saying: "The evidence will show that the loyalty and alliance of the Rosenbergs and Sobell were not to our country, but that it was to Communism."

"Communism in this country and Communism throughout the world.

Dedicated

"Sobell and Julius Rosenberg, classmates together in college, dedicated themselves to the cause of Communism. This love of Communism and the Soviet Union soon led them into a Soviet espionage ring."

IN FRIDAY'S **WEEKEND Sport**

FINALLY CAUGHT: Julius and Ethel Rosenberg after they were arrested

PART OF RING: David and Ruth Greenglass

gs Executed

During the trial, both Ethel and Julius pleaded the Fifth Amendment when asked repeated questions related to espionage, and when questioned about being members of the Communist Party.

But not answering questions proved to be problematic for the Rosenbergs as during the Commie-hunting "reds under the bed" era of McCarthyism, many believed that the refusal to answer questions was an admission of guilt.

Ethel and Julius denied all allegations of espionage, and refused

to provide any names. On March 29, 1951, the court convicted them both of conspiracy to commit espionage.

On April 5, Judge Kaufman sentenced them to death, and sentenced Sobell to 30 years in prison.

Plea

Some reports claim that the Rosenbergs were offered a plea deal, where admittance of their guilt would grant them a prison sentence.

David Greenglass received a 15-year jail term and was released in 1960 but earlier, in

1953, he had written a letter to President Eisenhower, requesting that Ethel and Julius' sentences be commuted to prison, a request that was denied.

Judge Kaufman justified his decision for the death penalty, telling the Rosenbergs: "I consider your crimes worse than murder."

"I believe that your conduct in putting into the hands of the Russians the A-bomb years before our best scientists predicted Russia would perfect the bomb has already caused, in my opinion,

the recent Communist aggression in Korea."

He said that "with the resultant casualties exceeding fifty thousand and who knows how many millions more, innocent people may pay the price of your treason".

Protests

Most tub-thumping U.S. newspapers at the time supported the Rosenbergs' death sentence, arguing the punishment was fair.

In contrast to the American media, though, European newspapers did not support the

ruling, and there were some protests against it throughout the whole continent.

But despite some public outrage and failed appeals, the couple were executed by electric chair at Sing Sing Prison, New York state, on June 19, 1953.

Julius was 35 at the time, his wife Ethel just 37.

They were to be the only American civilians executed for espionage during the Cold War, which only technically ended in 1991 with the dissolution of the Soviet Union.

DID HE CHOP HIMSELF UP, THEN?

Nut shoots, dismembers & burns pal ...then says it was SUICIDE!

By GRACE HOOPER
news@sundaysport.co.uk

A HALFWIT murderer shot his pal, chopped up the body, set fire to the remains...

Then tried to convince cops that the death was SUICIDE!

Michael Dixon and his daughter Melody were living rent-free in a cabin belonging to Dixon's pal, 56-year-old James Whittaker.

But tensions rose between the trio and eventually exploded after Whittaker scolded Melody for using all the hot water for a bath before going out.

Furious, Dixon, 41, pulled out a gun and shot Whittaker dead on July 25, 2020.

Dixon and Melody then washed down the crime scene. Dixon later took the corpse to the woods, hacked it up and burnt it before reporting Whittaker missing.

Cops found the body parts a week later after a search of the area around the cabin in Laurelville, Ohio. That's when Dixon "found" the suicide note and showed cops, hoping to persuade detectives that his friend took his own life.

Unsurprisingly, the ruse did not work and Dixon was nicked and charged with murder,

tampering with evidence, abuse of a corpse and firearms offences.

In May this year, a jury found Dixon guilty and last week he was sentenced to 50 years in prison.

Melody, 19, pleaded guilty to tampering with evidence as well as obstruction of justice. She was sentenced to three-years.

A police source said: "We got some dumbass killers down here but this Dixon guy takes the pretzel, trying to tell us Whittaker shot himself dead, chopped up his own corpse, then burned his own remains?"

JUSTIN DUNN'S ROOM 101

WHAT'S ANNOYING HIM THIS WEEK?

It's called racing, Max... and our Lewis is brilliant at it!

SKIRMISH:
Hamilton
and rival
Verstappen
(below)

WHICH bit of his multi-million-pounds-a-year contract as a Formula 1 driver did Max Verstappen not understand?

Was it the part where it said you'll be travelling in a cockpit designed for a convertible rocket?

The bit where it explained that you'll be travelling at speeds in excess of 180mph and more against 19 other drivers all doing pretty much the exact same thing?

The section that detailed using gears, mirrors, the radio, the gas and brake pedals, and your balls of steel?

Or was it mainly that casual paragraph, perhaps entered at the last minute, that mentioned something to do with "racing"?

The young Dutchman is without doubt an outstanding driver with a glittering future.

He is most definitely a future world champion. It might even be his year, this year.

Gonads

But at Silverstone on Sunday, Lewis Hamilton reminded us why the most successful British grand prix driver of all time is, well, the most successful British grand prix driver of all time.

So poor little Max came out worst in a Turn Nine skirmish and needed nurse to check him out.

Diddums. And he was fine, by the way.

Lewis, on the other hand, after a few races trailing helplessly behind Verstappen, proved he still possesses the solid gold gonads that propelled him to the pinnacle of this sport in the first place.

That's why the 140,000 crowd went nuts when he won his home race.

The battle is well and truly on. And the world champion from Stevenage is not giving up his crown just yet.

DID you notice that it was a little hot over the weekend?

I certainly did, and so did the guys who run one of my local independent corner shops.

A bottle of tonic water, you say? Second aisle, middle shelf.

But no, none of that Schweppes stuff, we're afraid. Just some

crappy own brand rubbish that comes in two flavours.

Horrific "light" diet stuff that tastes like paintbrush cleaner.

Or an over-sugary "full fat" version that leaves your mouth feeling like a monkey has slept in it.

*Oh, and they're £2.25. Each. C***S.*

TALKING of c*s, Number 10 pulled a class act on Sunday.**

A little over two-and-a-half hours after announcing the PM and Chancellor would not be self-isolating after being pinged by our useless, £30-odd billion Test and Trace system, they did a reverse ferret.

Not because they realised that declaring themselves to be taking part in a hitherto unheard of "pilot scheme" that excused ministers from those pesky rules they expect everyone else to follow might seem a little off.

But because they realised that after weirdo Dominic Cummings' eyesight-testing drive to Barnard Castle, and Randy Matt Hancock's own sexy take on "hands, space, face", that they, too, would not just look like, but actually BE, a pair of hypocritical w*nkers.

Who advised them that doing the precise opposite of what they're telling everyone else to do was wise?

How much do these advisers get paid?

And can I take on the job of guiding Boris and Rishi away from these unforced PR disaster errors please?

Because everyone else doing it so far has been absolutely f**king useless.

'Bored' man's padlock stuck on cock agony

A MAN was rushed to hospital after getting a PADLOCK stuck on his cock.

Medics were shocked to find the 38-year-old had fastened the device around the base of his penis TWO WEEKS prior.

He finally went to hospital when his penis began to swell up, became infected and caused unbearable pain.

His mother told medics her son was "bored" because he had to stay at home in Bangkok so much due to COVID.

The mother added that her son enjoys putting his penis through small holes.

It took medics over 30 minutes using an electric cutter to saw through the metal lock.

The man's penis is reportedly disfigured and sustained "lasting damage" due to the length of time it had a lock around it.

Health officials said if the padlock had stayed on any longer, the penis would likely have started to rot and become gangrenous.

Cop got in mess tackling man covered in shit

A COP was injured while attempting to restrain a naked man who was running along the road covered in SHIT.

The bizarre incident unfolded in Massapequa, a village on Long Island, New York.

Police said the man was "known to officers from previous interactions".

After removing the man safely from the roadway, the officer injured his right shoulder while trying to restrain him.

He was taken to hospital, where he was treated and released.

He was also given jabs to guard against infection from the poo-smeared loon.

The man was also brought to a local hospital without further incident.

It's not known why he was covered in shit, or whether it was his own.

DO YOU WANT TO FEEL MY FROG?

IT'S NO CROAK: Polatis is known for being a tosser

Serial perv crashes picnic with amphibian in hand...& his dick out

HE was caught on camera masturbating in a neighbour's home, admitted to stealing a teenager's panties and has been charged multiple times for housebreaking and sniffing laundry.

Now serial pervert Cody Polatis is back in jail after a flashing incident involving a FROG! Polatis, 26, appeared in court after the bizarre incident in the Warm Slough boat area of Madison County, Idaho.

A concerned mother told cops that Polatis had approached her and her family while they were having a picnic beside the river.

She said he had drawled: "Would you like to hold my frog?"

And that's when she noticed his penis was hanging out of his shorts.

She described the man's licence plate and pickup truck, which was registered to Polatis.

Bandit

Polatis was tracked down and booked into jail. He is scheduled to attend a preliminary hearing on July 28.

Polatis first came to notoriety several ago.

Neighbours in his tightknit community gave him the nickname "Sunday Bandit" after he was caught several times breaking into homes while they were at church.

One neighbour set up a hidden camera in his daughter's bedroom that caught Polatis masturbating and stealing the girl's crisp white panties.

The wary neighbour believed Polatis had broken in at least seven

By SUZIE SHELTON

times and had stolen £1,000 worth of women's clothing.

Polatis was charged with burglary, stalking and public display of offensive sexual material.

But as a result of a plea agreement with the Fremont County Prosecutor's Office, the burglary charge was reduced to an unlawful entry charge and the public display of sexual material charge was dropped.

Polatis is well-known to local police.

In 2014 he was found in a shop dressing room after spending hours with women's clothing.

He pleaded guilty and was ordered to undergo a psychosexual evaluation.

In 2016 he was arrested for indecent exposure after he admitted masturbating outside a doctor's surgery. He was found surrounded by stolen panties.

In 2017 he broke into a house and was found sniffing dirty linen from a laundry basket while furiously masturbating.

Chloe keeps her cool!

GORGEOUS Chloe Ayling has got the right idea in the hot weather!

The 24-year-old *Celeb Big Brother* star stripped off to her bikini and cooled down her famous curves in the pool.

As she did so, Instagram followers got a great look at her stupendous cleavage.

One fan said: "If she wants a hand with the suntan lotion, I'll give her my number."

THE WORLD FAMOUS AGONY Page

Dear Ashleigh,

I WALKED into the kitchen the other day and was confronted with my wife naked from the waist down with one foot on a chair playing with herself.

You might not think that unusual, but she was sliding the neck of a wine bottle in and out of her fanny.

I wouldn't have minded, but it was a bottle of my best and very expensive wine club claret.

I think she could have used something a bit more common, don't you? Like a supermarket plonk or something.

She made the neck of the bottle all wet and slimy with her fanny-batter and when I pulled the cork and poured some of the wine, it had a funny taste.

HG, Hants

Ashleigh says...

STOP whining or she'll pull your cork for good!

Dear Ashleigh,

I'M a driver for a timber company and recently took some fencing to some stables where there was a tasty stable girl in her early 20s.

With her firm arse encased in jodhpurs, I couldn't take my eyes off her.

She must have noticed because she led me to an empty stable where she kissed me grabbed my knob.

She soon had it out and sucked me off until I spurted into the hay.

I pulled down her jods and buried my face in her shaven quim.

Before long my knob was back in business and I took her doggy-style.

When I got back to the yard I found that the stables had ordered more timber and so I had a repeat performance the very next day.

She says she wants to whip me into shape.

What do you think she means?

TG, North Yorks

Ashleigh says...

SADDLE up for the ride of your life!

I don't think I'm ready for a dildo in my ass!

Dear Ashleigh,

ME and my wife love to watch porn when we're having sex at home.

We have been happily married for six years and I'd say that our physical relationship just keeps getting better and better.

Our favourite thing at the moment is we like to turn the lights down low and whack the volume of a porno on full blast as we act out what we're seeing on our 60-inch TV.

I've got all the proper speakers attached and the moans and groans coming from the porn stars on screen seem to pop up all over the room sometimes!

It's like being in the middle of an orgy, when me and the wife start shagging, too.

Just the other day the missus came into the living room with a college girl outfit on and I knew I was in for a real treat.

Even though I was watching cricket and enjoying a couple of beers, I flicked it off for her and selected a filthy movie.

And I was delighted to see a woman being gently spanked, for being naughty.

Needless to say my girl assumed the position across my knee and I spanked her bum as she squealed in delight.

But the problem is, she spotted a new film called *Dildo Your Man In The Ass*. I'm not too keen on that, what should I do?

MM, south London

AGONY IS BROUGHT TO YOU IN ASSOCIATION

WELCOME to the World famous Sport Agony page! No other newspaper's agony aunts can offer the level of advice – or experience – than our own Agony Angels! This week ASHLEIGH GEE has been reading through your letters. And here's her advice for you...

Boyfriend let-down led to my first lesbian sex

Dear Ashleigh,

I'M a 22-year-old beautician and I had my first lesbian experience the other day after my boyfriend stood me up on a date.

I'd really gone to a lot of effort for our night out. I was wearing my sexiest lingerie, which was all black and lacy, including my suspender belt.

Over that, I had on a very short and tight black dress which could barely contain my 36DD curves.

Anyway, after waiting for more than two hours for him to turn up, I jumped to my feet when I finally heard a knock on my door.

But I was incredibly disappointed when it turned out to be the two young women who had just moved into the flat next to mine.

They had brought two bottles of wine with them and were wondering if I would like to join them for a drink as a kind of welcoming thing.

Well, I invited them in and we'd soon polished off their two bottles and moved on to a third as I told them what a bastard my boyfriend had been that night.

It was at this point that one of them started to gently stroke my head as she told me what a fool my fella was for letting down such a "beautiful creature".

I don't know if it was the wine, or the fact I was so pissed off with my fella, but I suddenly started to feel horny as she ran her fingers through my blonde hair.

And I could definitely feel my pussy starting to moisten as her pal started to caress my stockinged thigh.

I think at that point I let out a little moan of pleasure – and the pair of them seemed to take it as a signal.

The girl who had been stroking my hair moved in to part my lips with her tongue as her pal moved her hand up to my panties and started to massage my clitoris.

Soaking

Within minutes they'd managed to get me out of my dress and laid me back on a rug on the floor.

It felt wonderful as one slowly parted my legs before lowering her head to thrust her tongue into my soaking wet vagina.

Her friend was licking and nibbling on my nipples as she gently placed her fingers in my mouth for me to suck on.

Very soon I was screaming in ecstasy

as I orgasmed. I was so turned-on that I suddenly felt the urge to taste a woman, something I had never even dreamed about doing.

So I got one of the girls on the sofa, pulled off her panties, parted her legs and got my tongue to work on her clit and glistening labia, enjoying the taste as well as her moans of delight as I licked her intimately, and her pal did the same to me from behind.

But it was at this point that my boyfriend burst into the room, as I'd forgotten to lock the door.

Now he wants to split up with me and I'm devastated.

What should I do?

TJ, Cornwall

Ashleigh says...

FIND yourself a real man who would join in with your threesome.

Dear Ashleigh,

Nurse nookie was ideal cure for ills!

Dear Ashleigh,

I'm a normally healthy 30-year-old bachelor but for several weeks now I felt so tired all the time that I could hardly get out of bed for work in the morning.

My GP was puzzled by my condition, too, and told me to pop along and see his nurse who would take a blood sample.

That was fine by me because she is absolutely gorgeous with a fabulous figure almost bursting out of her tight white uniform.

For some reason she couldn't get the needle into a vein in my arm so she asked me to drop my trousers instead.

I was horrified – because I wasn't wearing any undies at the time, but she just said she'd seen it all before.

I did as I was asked but I was even more embarrassed when I got a giant stiffy.

Totally unfazed, she took hold of it and began wanking me off!

Then she slipped down her panties and inserted my throbbing member inside her.

She was a really excellent f**k and it felt so erotic – having sex with a nurse in the surgery, knowing someone might walk in on us at any moment!

We did it quickly, standing up, and I had no trouble giving a sample this time.

And amazingly the next day my tiredness had completely gone.

What do you think of that?

GH, Oxon

Ashleigh says...

SOUNDS like you've found the perfect cure!

I SUSPECT my missus of 15 years is giving my pal a legover.

Thinking of this, I decided I'd try it on with a customer.

I work as a window fitter and get to meet lots of lookers. I called to do a job at this big house where the woman was a 45-year-old stunner with a daughter of about 25.

From the moment I walked in they both started fussing over me.

The mum was blonde with a pair of 36-inches, while the daughter was more petite but still a looker.

Ballbag

I was up a small ladder on the first day when suddenly I was gripped gently by the ballbag and almost fell off.

I turned round to see the two of them giggling and soon we all ended up in bed.

I shagged mum first while the daughter watched, then we swapped.

Then I gave the daughter oral while her mum finished me off.

It was a wonderful experience but now the job's over I don't know what to do.

Any thoughts?

AN, Bradford

Ashleigh says...

YOU could offer to build them a conservatory.

#MY SEX FANTASY

...WITH
ZAFIRA KLASS
34D-25-35,
FROM
MANCHESTER

'I've never done anything like this before and I feel daring...'

MY naughtiest sex fantasy is doing it with a stranger.

I fantasise that I stumble into a sex shop, thinking it's just the kind of shop that sells vibrators and frilly knickers. But it's got a porno cinema at the back.

While I'm perusing the toys, I make eye contact with another customer.

He points to the porno cinema sign and asks if I have time to watch a film.

My heart races as I know this will lead to some very naughty shenanigans.

I've never done anything like this before and I'm feeling quite

daring. It's a rare chance to do something really wild.

I say yes and walk in with him and we sit next to each other on the back seat.

There are a few other men up near the front.

There's a classic 1970s porn film playing as he touches my boobs outside my clothes.

I rub his groin area and it isn't long before our clothes are pushed aside.

I suck his cock and then he goes down on me and I beg the stranger to f**k me.

He does me doggy while the groans play from the big screen.

This fantasy always makes me climax when I'm alone and having a fiddle.

BUSTY Lucy Redd loves her garden and is admiring all the juicy fruit that's ripening in her orchard.

The flame-haired babe from Essex said: "I took a bit of a gamble on the place as it was what the estate agents called 'ripe for renovation'.

"In other words, it was almost falling down.

Spurt

"But it had a lovely garden with a mature orchard and I just love apples and plums.

"I've spent most of the past year waiting around for tradesmen to get the rest of the house up to scratch.

"In fact, I was so grateful when the roofer turned up, I gave him a flash of my 34DDs and that seemed to give him a bit of a spurt!"

IT'S finally time to say goodbye to the creepy Crawleys of Downton Abbey and hello to the horny hotties of buxom Bottomley Manor!

For all you red-blooded fellas who love your porn but are bored to tears by dull *Downton Abbey* this is your lucky day.

Released last week, the UK's most highly anticipated adult movie is available exclusively through the *Sport's* adult partner *Private Shops* and, for a limited time they're offering readers another £5 OFF the already low, low price.

Down On Abby is a big budget, full length adult masterpiece starring porn legend Ben Dover and a cast of the hottest adult stars around. It will transport you to Bottomley Manor, home to the Lord Grabhem (played by Ben Dover), his wife (and 2014 AVN nominee) Jasmine Jae, and their two young promiscuous step-daughters, Abby and Fanny.

The Grabhems have invited the Stiffies to dinner and their staff, led by butler Smallc*** and footman Master Bates, hurriedly prepare to receive their honoured guests.

But during preparations some members of staff have their own ideas of how to make the night go with a bang! As dinner approaches it seems everyone's got more than fancy nosh on their minds. Mind you, there is plenty of noshing as well as lots of other filth that will even cause a crease in Carson's keks.

We see plenty of R18 DVDs at the *Sport* but this one is really something special and one you **MUST** not miss!

This future classic stars Ava Dalush as Missy, Cathy Heaven as Lucy, Emma Leigh as Betty, Jasmine Jae as Lady Wanda Grabhem, Jasmine James as Fanny Grabhem, Jess West as Lady Stiffie, Lexi Lowe as Abby Grabhem, Ben Dover as Lord Will Grabhem, Big Bad Dave as Smithers and Clarke Kent as Master Bates.

LOUISE PAYNE

BAR manager Jake Stevenson wouldn't mind serving up a little something personal for glamour legend Louise Payne.

Jake, 58, from Baintree in Essex, reckons he'd make the perfect mix for 32E babe Louise, from neighbouring Basildon.

He said: "I've worked behind the bar for years and I've been hoping I might catch a glimpse of Louise, but she's not showed up yet!"

"I'm happy to ogle her boobs in the *Sport* for now, but if she ever does turn up I'll have an extra special cocktail waiting for her."

REBEKAH

STUNNING model turned DJ Rebekah is never far from Louis Seymour's thoughts... thanks to her perfect boobs.

Bricklayer Louis, 46, from Southend-on-Sea in Essex, said he thinks about a naughty night with Brummie babe Rebekah, almost every minute of the day.

He said: "I'd do anything to cop a feel of Rebekah's whopping 34C boobs, they are way more than a handful. She's an utter scorcher, but she's not modelling as much these days."

"So please can you print a sexy topless picture of her, it'd make my year!"

PAMELA

CHIEF Executive Carl Clark wants to splash his hard-earned cash on Budapest-born Pamela Hoksh.

The 51-year-old bigwig hails from the Big Smoke, but there's only one girl he wants to spend his life of luxury with.

His dream girl is blonde beauty Pamela, now living in Rawtenstall, Lancs, and with her 34C ample assets it's not hard to see why.

Carl said: "Pamela is simply stunning. I've got tons of cash and I still go out and buy the *Sport* three times a week to see if her knockers are in, there's no other girl's boobs I want to stare at!"

SAUCY Sam Tye reckons that **THREE** is the magic number when it comes to adult fun between the sheets.

The stunning 32E glamour model said she's experimented in bed and loves a cheeky **THREESOME!**

And the beauty also said she lusts after risky romps in public.

Sam, from Reading, Berks, said: "I've had a threesome with an ex-boyfriend and a friend of mine, another girl."

"It was incredibly hot and the first time I'd been with a woman."

Naughty

"She was very sensual, and his face looked like all his Christmases had come at once!"

"Me and my fella also got carried away on holiday one time and just went for it on the balcony."

"Even though a fellow guest caught us, it didn't stop us!"

"Although you can't beat a nice comfy bed, I do like the occasional outdoor romp, say like in a field or in the car."

"It always feels so naughty and spontaneous and there's the thrill that you might get caught out at any moment."

COMEBACK: Wyn Jones

Wyn the running to start first Test

RUGBY UNION

LIONS captain Alun Wyn Jones looks set to win his fitness battle to face South Africa on Saturday.

But Springboks captain Siya Kolisi may miss out after being forced to isolate with Covid.

Wyn Jones has made a Lazarus-like return from dislocating his shoulder at the end of June.

It was thought he'd be on the sidelines for months but he recovered in double-quick time.

The 35-year-old lock is now expected to take part in the first Test at the weekend.

He came through 30 minutes against South Africa A and has been backed to play a full part in Cape Town.

Defence coach Steve Tandy said: "He's fit, he's raring to go."

"It was only three weeks ago when he was injured but you see the training he's been doing, he keeps himself in absolutely great shape, so there'll be no issues there."

Doubtful

"He's got unbelievable experience and his leadership qualities are outstanding as well."

The Lions have an almost full squad to choose from with only Scotland fly-half Finn Russell doubtful with a sore Achilles.

Tandy added: "A lot of players have put their hands up and it is a great place for us as coaches to be."

"There will be bitter disappointment, but I believe that within this squad there is such a tight connection that everyone will be geared up to winning that first test whether you are in the 23 or not."

South Africa will give skipper Kolisi as much time as possible to prove his fitness.

He is one of 14 Springboks to test positive for Covid and only returned to the training camp earlier this week.

South Africa coach Mzwandile Stick said: "We trust the protocols and won't do anything stupid. We've got great players in our squad so if Siya is not fit, we trust the other guys to play in that position."

IT COULD BE ALL CHANGE AT OLD TRAFFORD

LINGARD KO'D BY BRUNO!

Tough for Jesse to stay at Utd while Fernandes is first choice

JESSE Lingard faces a tough season at Old Trafford despite what his manager says.

Ole Gunnar Solskjaer says the England midfielder DOES have a future at Manchester United.

But it's hard to see where Lingard fits into a midfield that already has Bruno Fernandes and Paul Pogba pulling the strings.

The 28-year-old was frozen out at Old Trafford last season and left to join West Ham on loan.

That's where he found his true form and was a massive hit at the London Stadium.

So much so that he was close to winning his place back in the England squad for the Euros.

His form as playmaker for the Hammers was sparkling — but

By PAUL THOMAS

Fernandes plays in that position for the Red Devils.

Solskjaer is making the right noises about giving Lingard a chance to win his place back in the starting line-up.

He figured in the Reds' first pre-season game against Derby and his boss was impressed.

The Norwegian said: "He was one of the positives of that match against Derby."

"He's a Manchester United player and he wants to really fight for his place."

"He's come back bright, confident and with lots of energy. I think everyone saw what he did at the end of last season with West Ham."

"He's still in my plans. I expect

him at Manchester United at the start of the season."

That is bad news for the Hammers who are keen to bring Lingard back to the East End.

West Ham legend Carlton Cole hopes Jesse makes his way back to his former club.

Brilliant

He said: "If United see him as a peripheral player, wouldn't you want to go and be the main man somewhere else?"

"That's the way I look at it — he's done brilliant last season and he has had some good seasons at Man United."

"I think he has outgrown that position, the way they look at him now, he is a bigger player than that."

"I think he can go somewhere and

be the main man for whichever team."

"But it's up to him and what his ambitions in life are. Someone that has been a bit part player that wants to be the main man elsewhere."

"So it depends what perspective you look at football and what you want as a player."

"For me, I think he should just go and fill his boots at West Ham."

Meanwhile, Solskjaer is hopeful of bringing Rafael Varane in to boost his defence.

Harry Maguire has improved to become one of Europe's top stoppers but the Reds boss is trying to improve on the likes of Victor Lindelof and Eric Bailly.

Real Madrid have admitted defeat in attempts to keep the Frenchman and have already brought in David

WITH TOO MANY PLAYMAKERS AROUND

CAN'T BOTH PLAY:
It looks like Bruno
Fernandes or Jesse
Lingard for United

Alaba from Bayern Munich on a free transfer.

Varane is in the final year of his contract at the Bernabeu and has told the Spanish giants that he won't be signing a new one.

The 28-year-old played for France at the Euros and is currently on a break before the new season.

United have been chasing Varane for the past three years and finally look like getting their man.

Bidding

But he won't come cheap despite having 12 months left on his contract.

Madrid have slapped a £50m tag on the centre-back and hope other teams like Paris St Germain come in to kick off a bidding war.

United have already forked out £73m for Jadon Sancho and they

hope to have Varane in the bag by the end of this month.

That would send the Reds' spending towards the £125m mark and increase pressure to sell the likes of Lingard to balance the books.

And another player who could be on his way is David De Gea with the Spanish keeper frustrated that he lost his No1 spot to Dean Henderson for parts of last season.

Both men expect to play in most games but it's De Gea who is more likely to demand a move given that he turns 31 this season while Henderson is only 24.

The sticking point could be the Spaniard's wages as he's the world's best paid goalie on a reported £375,000 a week. It's hard to see any team on the planet forking out that kind of salary.

BIG CALL:
Will De
Gea stay?

Bayern star fancies Premier League move

KINGSLEY Coman is set to leave Bayern Munich for the Premier League.

The winger has been on the radar of Chelsea and Man City this summer.

The Londoners hope to steal a march on Pep's lads by offloading one of their fringe players to the German giants.

Callum Hudson-Odoi has

been mentioned as Thomas Tuchel uses his experience of the Bundesliga to chase new talent.

Bayern are worried that Coman will just sit out his contract and leave for nothing in 2023.

They have just lost a major asset in David Alaba who walked out to sign for

Real Madrid. They don't want the same thing to happen with Coman and have been in talks over a new contract.

They seem to have stalled which means they will have no option but to offload this summer to get the biggest fee.

Bayern want around £75m and aren't thought to be keen on a swap deal with

the Stamford Bridge boys who have several players that Tuchel doesn't want.

Hudson-Odoi is valued around the £30m mark so Chelsea would have to stump up a substantial wad of cash to get the deal done.

Coman is thought to be keen on a move and would likely talk to either City or Tuchel's men should they enter the bidding.
